*Honorary Degrees Conferred on Three Men:
University President, Tax Expert, Church Leader;
College Graduates 143 at June Commencement*

CROSS-CUTTING THE CAMPUS

THE COLLEGE conferred three honorary degrees at its 89th Commencement June 6 on a distinguished former university president, a nationally known tax expert, and a Methodist district superintendent.

Bachelor's degrees were awarded to 143 seniors who were challenged to develop their "rightful share of the adventure of being alive."

Recipients of the honorary Doctor of Laws degrees were: Deane Waldo Malott, Ithaca, N. Y., president emeritus of Cornell University, who was cited for his "professional competence and educational leadership," and Laurence Neal Woodworth, Cheverly, Md., chief of staff, Joint Committee on Internal Revenue Taxation, for his "distinguished service to the Congress, the country and its citizens" as the principal tax adviser to Congress.

An honorary Doctor of Divinity was conferred on an alumnus, Earl Nelson Rowe '37, State College, superintendent of the State College District of the Central Pennsylvania Conference of the Methodist Church, for his "distinguished service to the Church . . . both as a parish minister and as a district superintendent."

In his address, Dr. Malott encouraged the graduating class to "enter enthusiastically into those moments of history when new social, political and economic fabrics are in the making."

"Old orders are passing," Dr. Malott stated, "new responsibilities lie at hand." However, he cautioned that one must understand the sentiments and emotions which dominate men's actions and "we must learn to conquer mass hysteria and to substitute the

processes of reasoned thought for those visceral twitchings . . ."

President Ellis conferred bachelor of arts degrees on 82 and bachelor of science degrees on 61. There were 77 men and 66 women among the June graduates.

Eight of the seniors were graduated with honors. Leading her class and graduating summa cum laude was Carolyn Ann Balko, Ebensburg, Pa. Three were graduated magna cum laude: William L. Hofelt, Jr., Huntingdon (formerly of Jones Mills, Pa.); Judith Anne Livengood, Ossining, N. Y.; and David P. Miller, Hershey. Degrees were conferred cum laude on four: Linda C. Hinkle, Newtown, Pa.; Peter C. Marzio, Sarasota, Fla.; Linda M. Shiley, Harrisburg; and Susan E. Vieth, Wilmington, Del.

Scholars Honored

FOUR LEADING senior scholars shared in top prizes for "distinguished undergraduate work" at Senior Convocation. Divisional prizes were won by Carolyn A. Balko, Ebensburg (humanities); Susan E. Vieth, Wilmington, Del. (William S. Price social studies); and Arthur B. Clymer, Point Pleasant (Dr. Andrew B. and Maria F. Brumbaugh science).

The Dr. Wilbur W. Oaks prize for the "outstanding member of the graduating class in pre-medicine" was awarded to David P. Miller, Hershey.

Barry J. Halbritter, Altoona, won the newly established Charles M. Rice prize for the outstanding senior in accounting; Doris J. Fluke, Curryville,

was the winner of the Women's Fellowship Council prize for the Brethren senior girl; and Sharon E. Edgar, Schwenksville, Pa., won the Justina Marsteller Langdon prize.

Board Officers Re-elected

DR. JOHN C. BAKER '17, Essex Fells, N. J., retired president of Ohio University and former U. S. representative to UNESCO, has been re-elected chairman of the board of trustees of the College.

Other officers re-elected for another term at the board's annual spring meeting are: William R. Flory '21, Harrisburg, president of Grenoble Hotels, Inc., vice-chairman; John W. Swigart '30, Huntingdon, insurance executive, secretary; John T. Fike '35, vice-president for financial affairs, treasurer. Miss Hilda Nathan will continue as assistant treasurer.

The board accepted two new members to replace those whose terms expired. They are: Robert M. Keim '52, Somerset, Pa., attorney, to succeed Elmer J. Berkebile '48, Johnstown, as representative from the Western District of the Church of the Brethren,

and Miss Naomi Kensinger '36, Martinsburg, to succeed Mrs. Bertha L. Brumbaugh '27, Martinsburg, from the Middle District.

Simpson Scholar Named

THE RICHARD M. SIMPSON memorial scholarship — Juniata's coveted honor for incoming freshmen — has been awarded to Richard E. Beard, a senior at Annville-Cleona high school, Annville, Pa.

Beard, son of Mr. and Mrs. Richard B. Beard, 441 Maple St., Annville, was selected from among "five outstanding candidates" to receive the \$1,000 per year scholarship. He plans to study history and to prepare for teaching.

Beard has been president of his class for three years, editor of the student newspaper, a letterman in cross-country and track, a member of the glee club and chorus.

He becomes the sixth recipient of the highly prized scholarship which was established in 1960 by friends and relatives of the late Hon. Richard M. Simpson, a member of the U. S. House of Representatives from 1937 to 1960.

Activities Coordinator

THE APPOINTMENT of Robert W. Holmes, Roaring Spring, Pa., to a new administrative position as coordinator of student activities at the College has been announced.

Holmes, 29, teacher and football coach at Central High School, Martinsburg, Pa., also will join the staff Sept. 1 as assistant football coach to Fred Prender. He will replace Ernest H. Post, Jr., now end coach and assistant professor of history, who will be on leave of absence.

In the new post, Holmes will be responsible for the organization, guidance and coordinating of the non-academic activities of the college, with the exception of varsity athletics and cultural events. He will counsel student organizations on the responsibilities involved in arranging events and will assist in scheduling all activities.

A native of Turtle Creek, Pa., Holmes holds B.S. (1958) and M.S. (1961) degrees in education from Bucknell University. He has taught in high schools at Milton, Curwensville and Martinsburg, Pa. (Central).

Circular hub of College's new \$2.7 million Science Center will be ready for use in September. Alumni auditorium is located on ground floor; Science Library and lecture halls on second floor.

FACULTY BRIEFCASE

Additions, Replacements Noted

FIVE ADDITIONS AND FOUR REPLACEMENTS to the faculty and administration have been appointed for September.

One addition, Dr. Lawrence Abler, visiting lecturer in comparative studies, was announced in the *Spring Bulletin*. Another is Robert W. Holmes, whose appointment as coordinator of student activities is reported elsewhere in this section. Other additions announced by Dean Morley J. Mays, vice-president for academic affairs, are:

Nancy E. Barker, Williamsburg, Pa., a graduate of the College in June, as science librarian.

Mrs. Jane Parker Gauvin, San Jose, Calif., as instructor in French and Spanish. Mrs. Gauvin, originally from New Milford, Conn., taught at Juniata in 1956 prior to her marriage. She has since taught at North Salinas and Campbell Union high schools in California. Mrs. Gauvin is a graduate of University of Connecticut (1953) and holds an M.A. from Laval University, Quebec.

Klaus Kipphan, Bergenfield, N. J., as instructor in history. Mr. Kipphan, a native of Eberbach, Germany, has been teaching at Fairleigh Dickinson University. He holds a B.A. from Gymnasium Eberbach (1959) and an M.A. (magna cum laude) from Fairleigh Dickinson (1965). In addition, he has studied at the University of Heidelberg, University of Munich and Wake Forest College.

Replacements appointed were:

Bruce A. Hirsch, a graduate of Westminster Choir College and now a doctoral candidate in musical arts at University of Southern California, as assistant professor of music to replace Prof. William B. Merrel. A native of Louisville, Neb., Prof. Hirsch holds a bachelor's degree in voice and a master's degree in conducting from Westminster Choir College, Princeton, N. J. He also attended University of Omaha. Recognized as a choral conductor and baritone soloist, Prof. Hirsch is now director of music at First Presbyterian Church, Downey, Calif. He also directs a Light Opera Company.

Carole Ann Kopac, former physical education instructor at Hollidaysburg Senior High School, as instructor in physical education for women to replace Mrs. Audrey Russell. Miss Kopac is a graduate of Slippery Rock State College (B.S. 1964) and is taking graduate study at The Pennsylvania State University.

Patricia A. Pyle, Chadds Ford, Pa. (Fairville), as instructor in French. Miss Pyle, a graduate of Juniata (magna cum laude) in 1964 who completed work on her M.A. at Bryn Mawr this year, will take over the teaching duties of Prof. Emeritus Jack E. Oller. Miss Pyle held a C. C. Ellis memorial scholarship.

Robert E. Wagoner, Arlington, Mass., as assistant professor of philosophy, to replace Dr. Dewey J. Hoitenga, Jr. Prof. Wagoner, a native of Chicago, is a doctoral candidate at Harvard. He is a graduate of Manchester College (B.S. 1952) and was assistant professor of philosophy and religion at Bridgewater College for two years (1962-64). He studied at Bethany Theological Seminary and later traveled through Central and South America, living with the Society of Brothers in Paraguay in 1953. He was a high school principal and teacher for Brethren Service Commission in Puerto Rico 1954-56.

Eight Are Promoted

THE ADVANCEMENT of two members of the faculty to the ranks of emeriti and the promotion of six others has been announced by President Ellis.

Dr. T. F. Henry '26, professor of sociology, and Jack E. Oller '23, associate professor of French, were advanced to professor emeriti. Dr. Henry is retiring because of illness.

Two were promoted to associate professor: Steven A. Barbash, art, and Dr. Fred E. Brouwer, philosophy.

Four instructors have been advanced to assistant professors: Mrs. Elizabeth Anne Cherry, humanities; Ray L. Pfrogner '60, physics; Margaret A. Gray, biology; and Duane F. Stroman, sociology.

Mrs. (Betty) Oller '23 and Prof. Emeritus Jack E. Oller '23 enjoy gifts of photo and model of U. S. United States at trustee-faculty dinner in honor of Prof. Oller's retirement.

Personal Mention

LEAVES OF ABSENCE have been granted to Ernest H. Post, assistant professor of history, for graduate study at Michigan State University, and Charles A. Cable, assistant professor of mathematics, for graduate study at the Pennsylvania State University . . . Robert P. Zimmerer, assistant professor of biology, also will be on leave for the coming year to continue graduate study at Penn State.

Dr. Homer C. Will, professor emeritus of biology, has been recognized by the Pennsylvania Academy of Science with honorary membership for his "professional accomplishments and years of devoted service to the Academy."

Two members of the science division are attending NSF-sponsored institutes this summer: Dr. Eva Hartzler, professor of chemistry, was selected to participate in an institute on radio-chemistry at the Philadelphia College of Pharmacy and Science beginning July 5 . . . Dr. Charles H. Spink, assistant professor of chemistry, was among 67 attending a three-week institute in electronics for scientists at University of Illinois June 26-July 17.

Dr. Wilfred G. Norris, associate professor of physics, received a grant from the National Science Foundation Research Participation for College Professors for summer study in microwave spectroscopy at the University of Maryland.

Juniata Choir Appears in Fair Pavilion

David Y. Norris '66, choir president; William R. McClelland, Jr. '68; David E. Knepper '67; Prof. Donald S. Johnson, director.

THE JUNIATA COLLEGE CHOIR climaxed its 1965 season by singing and sight-seeing at the New York World's Fair Sunday afternoon, May 16. An appearance at the Tiparillo (General Cigar) Pavilion highlighted the choir's final weekend tour which completed a year of 42 concerts.

For Prof. Donald S. Johnson, director, the trip marked the second time he has conducted choirs at World's Fairs. He took a high school choir to the New York World's Fair in 1940.

The three-day tour included a Saturday night concert at the Kilburn Memorial Presbyterian Church, Newark, N. J., en route to the Fair, and concluded with two concerts Monday in Hightstown, N. J., high school and the Church of the Brethren, Hatfield.

Rock Work and Sediment Enjoyment

Geology Department Graduates First Major

WHEN PAUL D. LUDWIG '65, Greensburg, entered Juniata four years ago, he had no idea that he'd become the College's first graduate with a geology "major" at commencement June 6. But through the determination and conscientious effort of the department chairman, Dr. J. Peter Trexler, and the encouragement of Paul and other interested students, enough courses were added to provide a concentration.

Paul's interest in geology stemmed from a good impression of the elementary course in physical geology. Although he had previously thought of going into history and/or anthropology, Paul decided to look into a geology career and, after many discussions with Dr. Trexler, was convinced that geology was for him.

During his senior year at Juniata, Paul served as a geology lab assistant for the courses in physical geology and historical geology, supervising a three-hour lab per week, conducting

field trips and grading papers. He will be a graduate student at the University of West Virginia in September and plans to do more field work and study in geologic mapping and soft rock (sedimentary) geology.

Also receiving degrees at the June commencement were two students who lacked only one course for a major in geology: Lynn S. Fichter, who will take graduate work in geology (vertebrate paleontology) at the University of Michigan, and Robert W. Wolfe, who will do graduate work in geochemistry at the University of Buffalo.

Before Dr. Trexler came to Juniata in September 1962 as the first geologist at the college, no courses were offered in this science. That year he taught two courses and two more were added to the catalogue in 1963. With the enthusiastic support of the college, which recognized the need of geology to add balance and flexibility to the natural science offerings, the

geology department had developed a full curriculum of 14 offerings by the fall of 1964.

Presently, Prof. Trexler and Frederick Nagle, Jr., who came to Juniata in the fall of 1964 from Princeton University, carry the load of 14 courses, most of which are laboratory courses. Prof. Trexler is a stratigrapher and structural geologist and Prof. Nagle is a mineralogist-petrologist.

In the three years existence of geology at Juniata, Prof. Trexler summarizes its major accomplishments: (1) the development of a full undergraduate curriculum which will put Juniata "on a par with other geology departments in the best small liberal arts colleges;" (2) the interest of students in the program—10 signed up in the first year that it was possible to have a concentration—and the steady increase in enrollment in geology courses (about 140 are expected to enroll in the fall); (3) attainment of a National Science Foundation grant of

\$12,000 which will make possible the purchase of much-needed equipment; and (4) the accumulation of a library and instructional materials. A large portion of the books available are part of the Dr. Pepper collection of 1,000 books which were given to the college from his estate.

The completion of the Science Center will be a tremendous asset to the geology department. From its two rooms and an office in the basement of Students Hall, it will expand to five large labs, two small labs, a seminar room, a dark-room, two storage rooms, and three offices. Because of the newness of the department, however, basic needs such as equipment, books and periodicals, and scholarships must be filled so that the department can continue its progress and attain the highest possible quality of instruction.

Granddaughter of Famous Geneticist Prefers Medical Laboratory Work

THE GRANDDAUGHTER of one of the most famous geneticists of the 20th century has completed her junior year at Juniata College.

Petite and alert Barbara A. Bridges speaks with pride of the cytological research that her famed grandfather, Dr. Calvin Blackman Bridges, conducted some 30 or more years ago. His findings on the hereditary factors of the *Drosophila melanogaster* (fruit fly) are included in the historical chronology of genetics.

More interested in medical laboratory work than in genetics, Barbara understands and acknowledges the contributions of his work to the field of genetics. She considers this one of the most interesting areas of biology.

Although Dr. Bridges died six years before Barbara was born, she has been exposed to his work all her life and accepts his many findings as a "matter of fact." Actually, she said that she has no special kind of reaction when seeing her grandfather's picture, name

or research printed in any of her biology books, but her classmates "kid" her about it.

"I'm proud but it is kind of embarrassing," explained Barbara when referring to mention of her relationship to Dr. Bridges in class. Referral to Dr. Bridges' experiments is frequent in some of her classes since several books carrying his research and other references are used in Juniata's biology courses.

Barbara's father, Philip N. Bridges, worked with Dr. Calvin Bridges in his final years of research at Columbia University where both father and son were on the biology faculty. After the elder Bridges' untimely death at 49, however, Barbara's father left the genetics lab to undertake other interests in the electronics field and now works in the Federal government.

In September, Barbara plans to enter Harrisburg Hospital to complete her studies in medical technology. She came to Juniata College because of the three-year medical technology program (three years of study at Juniata and one at a hospital). Also, Barbara said: "I think biology is good here," and this is one field especially important in medical technology. A graduate of Wheaton High School, Wheaton, Md., she and her family live in Ashton, Md.

The most noted research done by Dr. Bridges was with chromosomes of the *Drosophila melanogaster*. He was one of the four "Drosophila workers," researching with A. H. Sturtevant, H. J. Muller and their teacher, Dr. Thomas H. Morgan at Columbia University and The Rockefeller Institute. In 1915, the four co-authored an epoch-making book, *The Mechanism of Mendelian Heredity*, which summarizes the progress they made in five years of experimentation with *Drosophila*. L. M. J.

Hoovers Make Clean Sweep Through Admissions Door

MUSIC, SPORTS, TEACHING and Juniata College are common table topics at the home of Mr. and Mrs. Donald F. Hoover of Duncansville. But Juniata College is gradually becoming a "household item" with the Hoovers who, beginning in September, will have three children enrolled here.

Cathy, a junior, started the trek to Juniata, enrolling in elementary education. Don followed a year ago as a physics major, and Ron will begin in September as an elementary education and history major. Although neither of their parents were Juniata grads, Cathy, Don and Ron all said that they selected Juniata because it is a small, liberal arts, church-related college with a high academic rating and close to home.

"Ever since Cathy came to Juniata," said Don, "Juniata has been common discussion around our house. And we're all quite satisfied with the college. If I had to do it again, I'd make the same choice."

Both Cathy and Don spoke freely about the broadness of Juniata's academic program.

"Studying elementary education in a liberal arts college is an advantage," noted Cathy, "because we get a broader background in our approach to teaching in theory and practice. I think Juniata has a well-trained elementary education faculty with wide experiences and depth in this area." She added that because students are required to take enough different courses in different areas of concentration, they get a pretty well-rounded education.

Don, studying physics and religion, is undecided about his future but is considering the Brethren Volunteer Service or teaching. "I've always had an interest in science and math, but I'm one who's interested in a lot of things. The nice thing about Juniata is that I can change into another course and it won't set me back. It's rather liberal."

Emphasizing the high standing of Juniata, Don added: "Too many people who have lived in these areas for years don't realize what a reputation Juniata College has. But those who do, respect it and know it."

Ron, who will be studying elementary education and history, indicated that — from his understanding — these are well-staffed curriculums at Juniata. "I realize that Juniata College is highly regarded in certain fields, and I believe it can supply me with an education in my field as well as a liberal education," he said.

Cathy and Don commended Juniata for trying to help as many students financially as it can. "If a person really shows potential, he'll get help," said Don. He and his brother both hold scholarships and Cathy has a grant-in-aid and works as a student assistant in the public information department.

The three members of the Hoover family—Don, Cathy and Ron (sitting)—with Richard E. Kimmey, director of admissions.

This year at Juniata, Don earned a letter as a 157-pounder on the Juniata wrestling team. Referring to the wrestling team's best record in its history this year, Don said: "Wrestling is coming on strong at Juniata. Actually the college is building up all its sports and in a few years every team should be top competitors." Ron received the "Lineman Award" last year for his high school football achievements and was runner-up in the holiday wrestling tournament. Both have won letters in football, wrestling and baseball.

Cathy is continuing her musical interests at Juniata. She takes several music courses, sings in the choir, and is accompanist for various groups. "I'm really doing more organ work now," said Cathy, "but it's difficult to say what I enjoy better — singing or playing; I get much satisfaction from both."

Cathy described her participation with the touring choir "as a terrific experience and one of the most rewarding since I've been at Juniata. It gave me the opportunity to learn to adjust to many kinds of people, and to adapt to every instrument in the various schools and churches. We had a lot of fun while traveling, but once we started to practice or perform, we'd settle down and get serious. We hold much respect for Prof. Johnson."

With Cathy continuing her musical interests and Don and Ron participating in various sports, "clean sweeping" action can be expected from the three Hoovers at Juniata College for the next few years.

THE JUNIATA SPORTS PARADE

Samuel Wins Three Trophies

JUNIATA'S TRACK and cross-country captain, Earl Samuel '65, of Johnstown, became the first athlete to win the coveted Mickle trophy and two "most outstanding" awards in the same year.

Samuel received the top award for sports leadership—the Stanford Mickle athletic trophy—and alumni trophies in both cross-country and track for "excellence in performance, good sportsmanship and cooperation."

The 22-year-old distance runner, a Richland Township High grad, is a history major. In addition to winning Middle Atlantic Conference two mile last year, Samuel also served as chairman of athletics on Student Senate, sports editor of *The Juniatian* (student weekly) as a junior, and assisted in editing programs for football and basketball.

Six other outstanding athletes received alumni trophies. Topping the list with Samuel was Duane Ruble, Sinking Spring, Pa., captain of football and wrestling. It marked the third straight year that Ruble has won the Helsel wrestling trophy.

Barry Broadwater, Hummelstown, Pa., halfback and co-captain of football, won the Engle trophy for outstanding football back for the second successive year, and Charles 'Chuck' Robuck, Hollidaysburg, captain of basketball, was a repeat winner of the Oller trophy.

Other winners were Don Engle, Luzerne, top lefthanded pitcher, in baseball; C. Neale Clopper, Waynesboro, tennis; and W. Russell MacIsaac, Willow Grove, Pa., freshman, golf.

Winners of trophies (with alumni donors) follow:

Football back (Dr. J. Harold Engle)—Barry Broadwater, Hummelstown, Pa.

Football line (George L. Weber)—Duane Ruble, Sinking Spring, Pa.

Basketball (Jack E. Oller)—Chuck Robuck, Hollidaysburg, Pa.

Wrestling (David L. Helsel)—Duane Ruble, Sinking Spring, Pa.

Cross-Country (C. Clifford Brown)—Earl Samuel, Johnstown, Pa.

Baseball (Charles F. Goodale, Jr.)—Don Engle, Luzerne, Pa.

Track (J. Foster Gehrett)—Earl Samuel, Johnstown, Pa.

Tennis (Calvert N. Ellis)—Neale Clopper, Waynesboro, Pa.

Golf (C. Blair Miller)—Russ MacIsaac, Willow Grove, Pa.

Spot Shorts in Sports

SENIOR SOUTHPAW hurler *Don Engle*, from Luzerne, led the Tribe baseball team to a .500 season (7-7) with his pitching and batting. He posted a 5-3 record, all in Middle Atlantic Conference games, and showed a remarkable earned run average of 1.61. In addition, he led the team in batting with .363 . . . *Jim Reid* '66 from Westmont, N. J., and *Gary Sheppard* '67 from Springfield Twp., have been elected co-captains of baseball for 1966 . . .

Larry Bieber '67 from Hummelstown, is the new captain of the tennis team. Larry has been No. 1 man on the net team for the past two successful seasons . . . *John Solis-Cohen* '68, Elkins Park; *Jack Haskell* '65, Clarion; and *Dave Rodenbough* '65, Norris-

FRESHMEN AT JUNIATA claimed a new record with a 50 hour and 5 minute marathon softball victory over the sophomores in May.

The "pre-exam spring fever" contest went 265 innings with the frosh nipping the sophs in the closing hours 618 to 599. The sophomores led by 30 after the first 24 hours.

It was a disappointing ending for sophomore class president, Toby Dills, Wilmington, Del., who carefully planned the marathon and challenged the freshman president, Phil Eatough, West Chester.

Don Engle '65

town, paced the tennis team to its best showing since 1954 with 7-3 records in singles . . .

A freshman trackman from West Mifflin, *Bill Williams*, established one new Juniata record, tied another and was runner-up in scoring with 69 points. He leaped 42 feet 5 inches against Gettysburg to set a record in the new triple jump. Later in the MACs, he cleared 6 feet 2 inches in the high jump to tie a 1942 mark . . . Five freshmen sparked the golf team to its first winning season since 1960: *John Cook*, Ebensburg; *Rick Gieg*, Hollidaysburg; *Russ MacIsaac*, Willow Grove; *Joe Shull*, Waynesboro; and *Ken Stevens*, Media.

Tennis Team Sets Pace

WINNING SEASONS were posted in tennis and golf, but the Tribe's spring sports record fell below the .500 mark.

Coach Ernie Post's tennis team came through with seven victories in 10 matches for the best showing since 1954. The golfers chalked up a 5-4 mark for their first winning record since 1960.

A light-hitting baseball team managed to break even at 7-7 on some outstanding pitching, but the trackmen struggled to a 1-8 record in spite of some fine individual performances.

That gave the Indians a 20-22 record for the spring in four varsity sports:

	Won	Lost	Pct.
Tennis	7	3	.700
Golf	5	4	.556
Baseball	7	7	.500

*Total Giving to College Is \$509,748
As Development Fund Soars Higher;
Alumni Contribute \$123,602 in 1964-65*

REPORT OF ANNUAL GIVING

THE TOTALS FOR 1964-65

Alumni Fund	\$123,602.87
Associates	40,301.40
Bequests	6,362.84
Business-Industry	21,298.23
Church of the Brethren	29,867.28
Foundations	122,147.43
Gift Annuity Agreements	109,142.96
Juniata Parents Association	8,604.81
Research Grants	45,041.77
	\$506,369.59
Gifts-in-Kind (estimated)	3,378.53
	\$509,748.12

TOTAL GIVING to Juniata College — spurred by the increased emphasis on the long-range development program — amounted to \$509,748 in 1964-65, according to the year-end report issued by Harold B. Brumbaugh '33, vice-president for development.

Once again alumni contributed a significant share of the total with \$123,602 coming from 1,642 contributors to the Alumni Fund. This was slightly lower than last year's fund in a record-breaking surge of contributions, but continues to represent "an enthusiastic and generous" response. The highest amount contributed to the Alumni Fund came in 1962-63 when \$147,043 was reported.

As Alumni Association President Charles C. Ellis '40 pointed out, there is "a recognition among alumni of the need for sustained higher levels of giving . . . to achieve the optimum benefits from our investment in the future of Juniata."

Foundations continued to contribute a large share — \$122,147 — as many maintained an interest in the College's total development program. Business and industry contributed \$21,298.

Another significant total of \$109,142 was reported this year for gift annuity agreements which provide a guaranteed fixed income and personal participation in helping others to secure higher education. Bequests provided an additional \$6,362.

Research grants continued to provide a large amount with \$45,041. Associates, which excludes alumni, church and parents, added \$40,301 — including numerous contributions to three special memorials: Stephen L. Horn '65 ex, Dr. Samuel J. King '30, and Paul Tyson '37.

Church giving came up to \$29,867, an increase of more than \$4,000, and the Parents Association generously added a new "high" total of \$8,604 to show continued interest.

In the annual competition among classes in the Alumni Fund, the Class of 1921 led 1923 in amount contributed with \$14,085 and was runner-up in average contribution with \$1,408.53. Only the Class of 1896 exceeded 1921 and 1923 in average with a top of \$2,550.

The Class of 1950, always among the top ten, led in number of contributors with 71. Runner-up was 1949 with 57.

Leading the ten best by percentage participation for the classes since 1920 were 1925 and 1932, both with 52 percent. The Class of 1937 ranked third with 49 percent. Among the classes before 1920, the Class of 1888 had 100 percent and the Class of 1916 boasted 58 percent.

The year-end summary for the development program also showed continued progress as total subscriptions increased to \$3,444,844 at the close of the college fiscal year on June 30. (see page 12)

Alumni have subscribed \$637,801 of this total in the four years of the campaign toward an overall goal of \$5,350,000. This amount is exceeded only by Foundations and industries which have pledged \$1,791,624.

The Board of Trustees have been highly significant "pacesetters" in the development program. Members of the board have subscribed \$324,591.

In a "second phase" effort, friends in the Juniata Valley have boosted the total by \$60,548 which adds to the "home support" of \$253,960 from Huntingdon.

BOOST FOR JUNIATA VALLEY CAMPAIGN

A MAJOR CONTRIBUTION from West Virginia Pulp and Paper Company Foundation provided a boost to the Juniata Valley campaign to support the College's \$5.3 million development program. The contribution, announced by J. Lynne Ferner '33, Tyrone, manager of the Building Boards Division, will be applied specifically to a chemical research laboratory in the new Science Center.

In presenting the first payment in May, Mr. Ferner cited the "mutual beneficial relations" between Juniata College and his company. "This college has provided a reservoir of trained men for our plants." Eight alumni of the college now employed at the Tyrone plant witnessed the presentation of the check to Harold B. Brumbaugh, vice-president for development.

Pledges from other companies and individuals were included in the June report issued by H. Gerald Quigg, associate director of development and manager of the Juniata Valley campaign.

The campaign, launched in early 1965, is "progressing well" according to Dale W. Detwiler, general chairman. Volunteer groups in Altoona, Hollidaysburg, the Cove Area and Huntingdon began their efforts this spring. More than \$70,000 had been committed towards this effort from new sources of support, as of June 30.

The Juniata Valley effort has a two-fold purpose: 1. To raise additional dollars toward the Development goal for buildings and endowment; 2. To bring the five county areas surrounding Huntingdon up-to-date about Juniata College, through a Speakers Bureau, news and features for newspapers, magazines, radio and television.

EDITOR'S NOTE: The following list includes the names of all who contributed to the Alumni Fund during the college's fiscal year ending June 30, 1965. In a number of cases individuals received diplomas or degrees in various departments of the Brethren's Normal School and Juniata College. The name is listed in the year in which the most recent award was granted with preference given to bachelor degrees in most cases. Contributors whose names may have been inadvertently omitted or incorrectly listed should notify the alumni office at once.

INVESTMENT IN FUTURE

IN RESPONSE to the added stimulus of the Development Program, we have raised our giving to the alumni fund to record levels. When a program such as this directs our attention to the great progress that has been and is being made in making Juniata one of the finest small colleges in America, we respond enthusiastically and generously. When this stimulus is removed we tend to drift back toward our old levels of giving.

The objective of the Development Program was not to produce a one time surge in giving, but to create a recognition among alumni of the need for sustained higher levels of giving. To continue the college's growth in excellence, we must strive not only to maintain our new giving levels but constantly raise them as our Alumni Association grows in membership and ability to give. In this way, we can feel confident that we will achieve the optimum benefits from our investment in the future of Juniata.

Plan New Residence for Men

CONSTRUCTION of a new residence hall for 176 men at the College — the fifth in Juniata's building program — is expected to be under way this summer on the campus west of North Hall and above the Raffensperger tennis courts.

The board of trustees approved the building at its meeting in May and accepted a low 'lump sum' bid of \$802,950 from Paul Hickes, Alexandria, Pa., contractor, at a bid-opening in late June. A Federal loan from the Housing and Home Finance Agency for \$815,000 was approved in mid-June, but total cost of the building will be about \$940,000.

This L-shaped building will be built in two units, each of three floors, connected by a one-story recreation lounge. A special feature of the new hall will be separated living units for 16 to 18 men on each floor. Study, utility and bath rooms will be located in the central portion of each floor to provide separation.

The east wing will house 76 men and has an apartment for a staff member. In the larger west wing, rooms will be available for 100 men and an apartment for a residence director. The connecting unit will contain an 87 x 26 foot lounge, game room and rooms for television, vending machines, laundry, kitchenette and mechanical equipment.

NSF Grants for Scientific Equipment

THE COLLEGE has been awarded two "matching gift" grants totaling \$23,900 by the National Science Foundation "for the purchase of undergraduate instructional scientific equipment."

Announcement of the grants — one of \$12,000 for the department of geology; another of \$11,900 for the department of chemistry — was made in May by John T. Wilson, deputy director of NSF.

These funds will be matched by the College from non-Federal sources "to the extent of at least 50 percent of the direct costs of these projects," according to Harold B. Brumbaugh, vice-president for development.

The grant will be used by the new department of geology primarily for scientific equipment, reference materials and teaching aids. It will be under the direction of Dr. J. Peter Trexler, chairman of the department.

In the department of chemistry, Dr. Charles H. Spink, assistant professor, will be responsible for the purchase of new equipment for courses in physical chemistry, instrumental chemistry and biochemistry. In addition, the freshman courses will receive some new equipment.

U. S. Steel, Gulf Corp. Aid Juniata

A CAPITAL GRANT of \$15,000 has been awarded to the College by the United States Steel Foundation, Inc., in its annual program of aid to higher education. The grant will be used for the new Science Center.

Juniata was one of 26 colleges and universities in the nation selected by the Foundation to receive the new major-purpose or capital grants which total \$970,000. Total contributions in the program of grants to 765 colleges amount to more than \$2.6 million. Juniata and Westminster were the only two recipients of capital grants in Pennsylvania.

The program, announced by Roger M. Blough, chairman of the board of U. S. Steel Foundation, provides grants to colleges and organizations "dedicated to raising the quality of teaching and learning in America." Grants made are "primarily concerned with institutional efforts to train, secure and retain quality faculties, better facilities and teaching resources, and otherwise help and marshal broad-scale public support of higher education."

Gulf Oil Corporation presented a cash grant of \$1,500 to the College in June "for unrestricted use." It was one of 584 awards, totaling \$595,500, distributed by Gulf as direct, unrestricted grants under its aid-to-education program.

Memorial Books for Stephen Horn

A COLLECTION of religious books, in memory of a senior who died prior to his graduation, is being added to the L. A. Beeghly library.

The books, including a complete set of "Luther's Works," are a memorial to Stephen Lunde Horn, son of Mr. and Mrs. John C. Horn of Alexandria, Pa., who died of Hodgkins disease in January 1965. Steve, concentrating in economics and business administration, would have been graduated with the Class of 1965.

The memorial is the result of a desire by his family and friends to provide "an appropriate honor at Juniata College in his memory" because of Steve's loyalty to the college and his determination to finish his studies in spite of his fatal disease.

Capitalized Annual Giving

AT THE OBSERVANCE of the 25th anniversary of the founding of Juniata's Alumni Fund and the One Hundred Club on Founders Day, 1964, a program of Capitalized Annual Giving was announced. This plan makes it possible for those who find satisfaction in annual giving to Juniata College to perpetuate forever the same level of giving.

This can be done by making a cash contribution to the endowment, a bequest in a will, a gift annuity agreement or a life insurance policy irrevocably assigned to the College. The income from this funded money will be a perpetual source of support to Juniata.

Since the announcement of this plan 14 people have responded.

REPORT from the Director of Alumni Relations

By BILL MARTIN '59

NEVER WILL I forget the feeling that late Friday afternoon, the seventh of May. Egad! Tradition was about to be broken. Alumni, we hoped, were about to invade the campus and there wasn't an academic gown to be found anywhere. May Day! May Day! May Day! I remember well the shouting of those words in the Navy.

A campus group called The New Century Singers was getting ready to perform in Oller Hall. Now there's a place that can be mighty lonely if only a handful of people show.

I began to wonder if the change in Reunion and Alumni Day was such a good idea. Oh well, I thought, I will leave my calendar open Monday morning just in case the president would like to see me. After all, I was the director of placement, and I should be able to find another job, shouldn't I?

At exactly 9:30 that Friday evening, all my fears were dispelled. The New Century Singers had been singing

their hearts out and the standing-room-only audience was responding with a standing ovation.

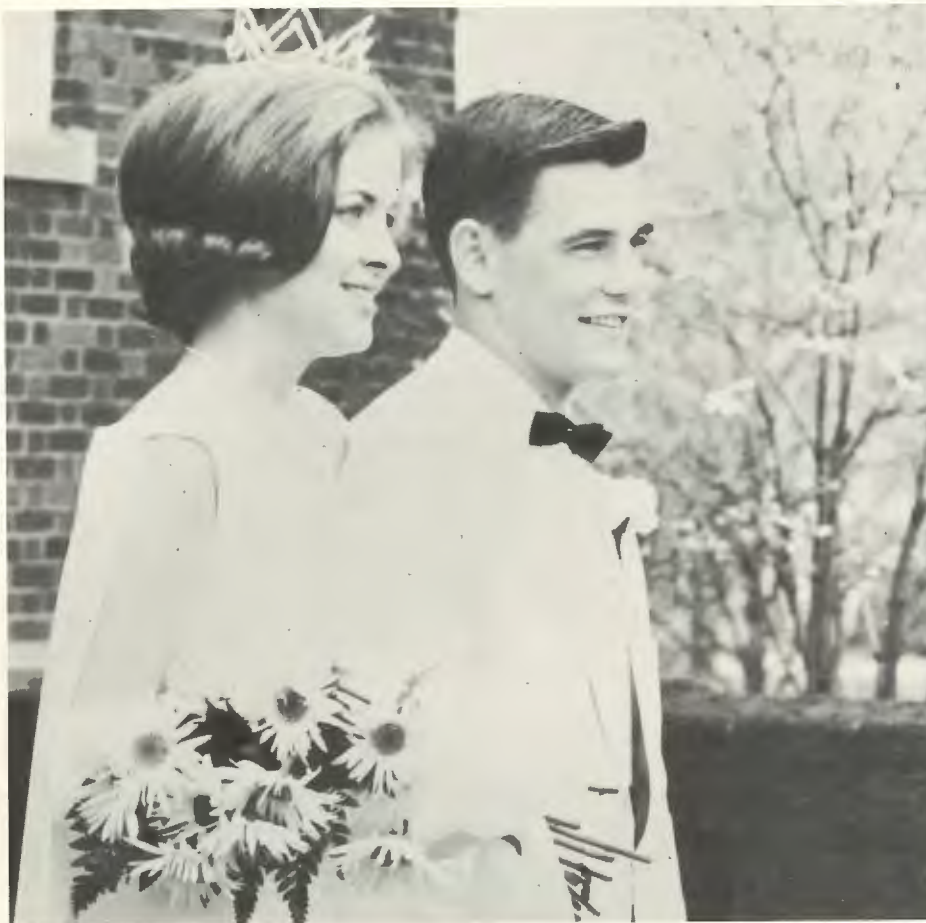

It is the consensus of the people here that May Day — Alumni Day — Reunion Day, 1965, was "a roaring success." More than 500 alumni attended five reunion dinners and, believe me, they were all filled to capacity. I know, I have the letters to prove it.

Now let's look at Commencement Weekend. What a "swinging time" our Old Timers had with "H. B." at the helm. They were treated as royal guests and well they should have been. They took over the Faculty Club and from there they attended luncheons, receptions, and all the activities of the Commencement Weekend. The Class of 1925 had an excellent reunion at the home of Mrs. Helen Mierley.

Looking back at the results, I have a feeling that May Day-Alumni Day have formed a marriage and that the Old Timers will be feted properly at Commencement.

The gathering of the Old-Timers (they prefer a better name!) was just as happy an occasion as ever for Commencement weekend.

Queen Susanne K. Judy '65 and Prince Charming Barry E. Broadwater '65.

SUE JUDY REIGNS

THE COLLEGE'S May Festival combined a weekend of alumni reunions with the traditional activities of the May Day, May 7-9. Queen Susanne K. Judy, Somerset, senior sociology major, was in the spotlight along with her attendants. The coronation ceremony was held on the lawn in front of Oller Hall.

It all started at breakfast, April 30.

It's never too young: Sue Stroman and David Martin.

NEW CENTURY SINGERS ARE HIT ON CAMPUS

ONE OF THE most impressive receptions ever given a Juniata College entertainment group was displayed May Day-Alumni weekend when the New Century Singers "brought down the house" with their blend of serious folk tunes and comedy acts.

Climaxing an evening of entertainment, 'The Singers' bowed to a standing ovation from the student-dominated jammed Oller Hall. Their presentation was one of the most "tremendous" of the many given throughout the year at college, community and school gatherings.

Thus far the Singers have cut two records and look forward to continuing their production when college opens in the fall. The only member leaving the group will be Susanne Judy who was graduated in June.

Professor Henry '26

Dr. Henry Retires

THE ADVANCEMENT of Dr. Tobias F. Henry '26 to professor emeritus of sociology and his retirement from the faculty because of illness was announced at the close of college.

Dr. Henry joined the faculty as a full-time teacher in 1946 after serving as an active minister of the Church of the Brethren for 19 years. He was pastor of the Stone Church of the Brethren, Huntingdon, and formerly served churches in Johnstown (Roxbury) and Roaring Spring.

A long-time counselor in family relations, Dr. Henry was for 14 years chairman of the advisory committee of the Huntingdon County Child Welfare Services. He had been a member of the committee from 1948 until he resigned in 1964.

In 1956-57, Dr. Henry served as president of the Pennsylvania Sociological Society, an organization composed of college teachers, professional workers and graduate students in sociology. He has been a member of the National Conference on Family Relations, the Pennsylvania Welfare Conference, and is a past president of the Kiwanis Club of Huntingdon.

A native of New Enterprise R. D., Dr. Henry was graduated from Cove High, Martinsburg, and received his B.A. degree from Juniata in 1926. He also obtained a B.D. degree from Bethany Theological Seminary in 1928 and earned his M.A. and Ph.D. degrees from the University of Pittsburgh.

Alumni from 1896 to 1965 attended the annual banquet of the Waynesboro-Hagerstown chapter at the Hagerstown Church of the Brethren. Will Brandau '68, who made quite a few stops on the alumni dinner circuit, shows his guitar to Dr. William I. Book '96. At left is Mrs. William H. Freed, Jr. '54, local association president; right is President Ellis. Alumni dinners attracted record turnouts in Harrisburg, Philadelphia and three other areas and were enjoyed in nearly 20 locations.

PERSONALS & NEWS FROM THE CLASSES

The Alumni Association's executive board has approved a revised publication schedule which currently provides for two magazines (Summer and Winter issues) and two six-page newsletters (Fall and Spring issues) of the *Juniata College Bulletin*.

Hence, this section now appears only in the Summer and Winter issues. Some items of Alumni Achievement will be included in the Fall and Spring newsletters and unlimited news notes are welcome for *Class Newsletters* prepared by your Class Representative.

Deadline for receiving personals for the next issue of the magazine (Winter) is January 15, 1966. These may be sent to your Class Representative or to the Alumni Office. Information for this issue was prepared by Miss Lillian M. Junas, associate editor, aided by class representatives.

The one-year class had a happy reunion at Kelly's Korner.
